APRIL TO JUNE

Meet Our Editorial Team

'The strength of the team is each individual member. The strength of each member is the team.'

Designing Team

I am **Hardik Sharma**, a student of CAM 6. Having mastered Canva, I feel I am the perfect candidate for this job, because I am familiar with many features of this software. It is an honor to be given this opportunity. Thank you!

It is my pleasure to introduce myself as **Hirdayanshi Sharma** of CAM-7. My passion for performing arts and drawing stems from my keen interest in both. Due to my artistic aptitude, I got a chance to be part of the designing team!

Hello, I'm **Aarav Ojha**. My ability to use Canva comfortably has made me a part of the design team. I will prove that I am a good designer by working diligently to the best of my ability.

Writing Team

Hello, readers. I'm **Mohak Malani** of Cam 6. I have exceptional writing skills and therefore this is the right place for me, where I can enrich myself and polish my skills. Thank you so much for giving me this golden opportunity!

Hi! I am **Hana Gupta** from Cambridge 6. I really appreciate this chance of being included in the editorial team. I feel that I got selected for the writing team as I have great linguistic aptitude and superb vocabulary.

Let me introduce myself: I'm **Arnab Kaushik**. I'm a student of CAM-7. I am a proud member of the editorial team. I believe that I am the best fit for this role, as my skill set matches with that of any potential and efficient writer of an editorial.

Resource Collectors

I am **Priyansh** from CAM-6. I have got an opportunity to become the resource collector, as I manage the things well and I am quite a resourceful person. I promise I will perform this responsibility with utmost enthusiasm and sincerity!

My name is **Abheesht Goel**. I believe that my time management skills and the ability to explore new vistas to get the work done efficiently make me a good fit for this role. I am thankful that I got this amazing opportunity!

"Teamwork makes the dream work!"
Hey, I'm **Darsh Bansal**. I study in CAM-8. I am truly grateful for this opportunity of being a part of the newsletter team. I have good managerial skills which is what makes me an asset to this team.

I am **Svaksha Kukreti** and I am a student of CAM 7. I am and organized perform who works by pushing herself beyond the limits. I am a part of the resource collectors' team and I am filled with gratitude that I got this opportunity!

Back To School

You're off to great places. Today is your first day!
Your mountain is waiting, so get on your way!

- Dr. Seuss

A new school year means new hopes, new beginnings and new adventures! The Cambridge Wing of MAPS Ashok Vihar welcomed its students into the new academic year with open arms! The day was filled with some fun games in the courtyard, heartfelt conversations about students' aspirations and some beautiful pictures clicked at the selfie booth. The students interacted with their peers and teachers through myriad interesting ice-breaker class activities.

Acting as an energetic kick-start to the new year, it was truly a memorable day that the students are going to cherish throughout the year.

CAM CHILLERS

The students have been successfully venturing and traversing the roads of entrepreneurship under the aegis of their supporting mentors. The Student Entrepreneurship Challenge (SEC) has bloomed to its full potential and the fruit of their hard-work has resulted into a successful venture fondly called as "CAM CHILLERS". It is the most happening shake station of the school operating everyday during the lunch break. 'CAM CHILLERS' serves some healthy and delectable shakes, smoothies and drinks to quench the thirst and beat the heat. All the things are hygienically prepared and served fresh. The chefs are none other than our talented students. They handle everything on their own right from the procurement of the ingredients to taking orders, doing the marketing, managing the kitchen and even calculating the cash inflows and profit! This is indeed playing a major role in giving them the mindset and skills for becoming future entrepreneurs and successful business tycoons!

Bidding Adieu to our Italian Pals

In a heart-warming ceremony, the management, staff members and students of Maharaja Agarsain Public School, Ashok Vihar, bade an emotional farewell to the the two Italian students- Gregorio and Manuele, who had been studying in the Cambridge wing for the past 10 months, as a part of a student exchange programme with Italy. After a golden period of learning about a new country and its traditions, they finally culminated this enticing odyssey as they returned to their homeland after having spent the most enriching time of their life here in India.

The gala event of bidding farewell to these international ambassadors started from a preview of some of their most nostalgic moments spent at the school in the form of a video, followed by some anecdotes being reminisced fondly by their peers which are truly worth cherishing forever!

Several cultural items like dance performances and song recitals were presented by the students to bid adieu to them and some exquisite mementos were presented to them, to cherish and remember their amazing time spent in India!

This cultural exchange between the two nations definitely helped in the symbiosis of the two cultures. The Italian students went back enriched with varied learning and ways to evolve as a better human being and a responsible global citizen.

Meet Our Budding Palaeontologists

"Tell me and I forget.
Teach me and I remember. Involve and I learn!"

Trace fossils

Taking of body fossils using leaves.

Experience is pivotal in learning new concepts. The budding paleontologists of the Cambridge wing (CAM 2) learnt about fossils via a hands on activity out in the open. They learnt the art of exploring the world of fossils and got the practical knowledge of the same.

It was a day full of learning and enrichment!

Tiny Tots as Millet Chefs

"Cooking is an art but flame less cooking is a revolution"

The students of CAM 1 & 2 transformed into 'MILLET CHEFS' for a day. They created a protein packed mouth watering sweet i.e. 'RAGI LADDOO'.

This activity was not only fun and enjoyable but also helped the students to enhance self confidence and gross motor skills as well.

It also laid the foundation for healthy eating habits.

Health Day Parade

In line with the theme of this year's World Health Day i.e. "HEALTH FOR ALL", and to inculcate the habits that promote living a healthy life, the students of Cambridge Wing enthusiastically participated in the Health Day Parade with much pomp and joy! It was gratifying to watch our little ones dress up as healthy food items and convey the message of good health and wellness to all.

Students prepared a beautiful spread of healthy food items in their "EAT WELL PLATES" and propounded different healthy habits required for healthy living. They even took a pledge to follow these habits diligently.

मेरी कहानी चित्रों की जुबानी

कहानी सुनाना एक पारंपरिक कला है जो मनोरंजन करने और शिक्षित करने का एक प्रभावी साधन है। कल्पना रचनात्मकता की कुंजी है। किसी चित्र को देखकर उससे संबंधित मन में उठने वाले भावों को अपनी कल्पनाशक्ति के माध्यम से अभिव्यक्त करना 'चित्रात्मक कथा' का मुख्य उद्देश्य होता है।

इसी उद्देश्य को ध्यान में रखकर महाराजा अग्रसेन पब्लिक स्कूल के कैम्ब्रिज विभाग में मेरी कहानी चित्रों की जुबानी गतिविधि का आयोजन किया गया। जिसमें कक्षा 1 से लेकर 10 तक के छात्रों ने परिकथा, जातक कथा, जासूसी कथा, वैज्ञानिक काल्पनिक कथा तथा हास्य कथाओं से सम्बंधित चित्रात्मक कथाएं प्रस्तुत की। छात्रों ने कहानी के पात्र और घटना अनुसार संवाद, भाषाशैली का उचित प्रयोग, आत्मविश्वास से पूर्ण प्रस्तुतीकरण एवं प्रभावपूर्ण मौखिक अभिव्यक्ति करना सीखा। छात्रों का प्रयास सराहनीय रहा।

VOYAGERS: SANCHAAR STUP

In order to teach the Evolution of Computers to the students of CAM 1 to 8 in an interactive manner, Voyagers- Sanchar Stup activity was organised on 1 May, 2023. As a part of this, the students of CAM 1,2,3 presented interesting riddles and rhymes on communication technology, used beautiful props and dressed up as the communication devices which they were presenting.

The students of CAM 4,5,6 prepared a monologue of a chosen form of Communication Technology, and dressed up for this activity as the communication technology they represented. They even used props like head gears, placards as well as dummy models for presenting their content.

The students of CAM 7 and 8 presented a group act wherein each student chose one communication technology mode from the communication timeline and spoke about its pros and cons. This activity resulted in active learning and the students learnt a lot post witnessing each others' performances.

ZOO VISIT

Under the “Mass Awareness Campaign on Mission Life for Pro-planet People” National Zoological Park (Delhi Zoo), New Delhi, invited our school’s students to participate in various activities organized by them.

A short tour to the zoo was given to the students during which they got a chance to see some rare birds and animals such as: Asiatic white lion, Bengal tiger, ostrich, elephants, deer, snakes, python, etc.

During this visit, the students of Cambridge 5-10, actively participated in the Poster Making Activity on the theme **MISSION LIFE: SAVE ENVIRONMENT**, to raise awareness for conserving and protecting the environment in the community.

This visit helped them develop empathy and compassion towards the diverse animal species. The day culminated with the wonderful mementos being distributed to all the students by the Zoo authorities in the form of caps and T-shirts. Our students were sparkling with enthusiasm post this amazing outing!

International Yoga Day

**"Yoga is a light which once lit will never dim.
The better you practice, the brighter you flame."**

- B.K.S. Iyengar

Cambridge Wing of MAPS Ashok Vihar believes that education does not mean mere imparting of knowledge or facts, but it encompasses all-round development of an individual. The school has been taking dedicated initiatives to accomplish the same. The celebration of International Yoga Day at Cambridge wing, was a highly exuberant event showcasing the buoyant spirit and enthusiastic participation of the students. The students of CAM 1-9 performed different poses of Surya Namaskar involving co-ordination of body and mind, as it calms their minds, improves concentration and builds endurance. It was indeed a rejuvenating experience for all!

Summer Spree 2023

The Cambridge Wing of Maharaja Agarsain Public School, Ashok Vihar celebrated the spirit of parenthood by organizing the event Summer Spree 2023.

A major highlight of this event was the art event: **Captivating Canvas**, in which the parents and their kids worked in a team and painted the blank canvases with their creativity and imagination. Another showstopper was a heart touching dance performance by the dance troupe of our wing, to acknowledge the efforts of their parents.

The healthy refreshments of the day were arranged by the CAM CHILLERS under the aegis of Students Entrepreneurship Challenge (SEC); prepared by our talented students themselves!

The students even presented small handmade tokens of gratitude to their parents and showcased a video with some heartfelt messages for the beautiful mothers present there on account of Mother's Day.

It was truly a great day celebrating the bond love and between a child and his/her parents.

Celebrating Days

Milk Day

SAYING NO TO MILK IS SAYING NO TO NUTRITION.
HAPPY WORLD MILK DAY 🥛

Celebrating Parenthood

"Parental love is the only love that is truly selfless, unconditional and forgiving"

Maps Cambridge Wing celebrated the parenthood by expressing heartfelt appreciation towards the parents. A heart touching video with beautiful messages was curated by the Cambridge team, which spoke about the depth of gratitude that the children have towards their parents for the manifold responsibilities, sacrifices and challenges they face daily in order to give only the best to their children.

Laurels to the School

Blades and Spades

“Power to the voice is Power to the People”

Our debating team comprising Mrighvijay Arora CAM 10, Chanchal Yadav CAM 10 and Yashas Gupta CAM 9 won the bronze medal in the annual Blades and Spades Debating Competition held on 20th May, 2023 at MAPS Ashok Vihar.

The aim of organizing the debate competition was to hone the public speaking skills of the students and teaching them to be articulate while expressing their thoughts and opinions, thereby creating loquacious orators.

Chanchal Yadav CAM 10 was bestowed with a silver medal for her exceptional oratory skills! Hats off to the winners!

Victories at Interschool Events

Our little wonder Rishita Verma of CAM 3 bagged the **first position** in the event 'Know Your Food'. Her scientific acumen was evident as she conducted a test and explained about the health hazards of the adulterant in the food.

Meet our budding artist Hridyanshi Sharma of CAM 7. She has drawn a beautiful Mexican folk art, for which she bagged the **third position** in the event Mexican Art thereby showcasing her artistic skills and creativity.

Let's welcome our young poet Pranit Arora of CAM 4. He has framed a beautiful poem using different figures of speech and achieved **third position** in the event 'Fantoccini'. Kudos to our budding poet!

Budding Artists

The world is but a canvas to our imagination...

Hana Gupta CAM 6

Yashas Gupta CAM 9

Dhruv Goyal CAM 9

Hitaishi Yadav CAM 6

Art is the silent expression of thoughts, feelings and emotions. The budding artists of Cambridge wing have created some jaw dropping master pieces of art. This is a showcase of their exceptional creativity and splendid artistic aptitude!

Parth Lowe CAM 6

Munleen Kaur CAM 9

CERULEAN

It all started with a fine day. This girl woke up to find
this world to be hers.
She went out in the fields and the green embraced her.
the sun rays, as devout as her aura, fell on her face.
And her lips kissed the scintilla of the warmth that did
not choose to fade.
She looked at the cerulean above her, and the
prodigious vastness in front.
Her eyes then sculpted that sky above her. and her
legs painted those ripples right in front.
Oh, that second she looked away, and the shells of the
corals; and the cowries of the seagrass-- they pushed
her feet a little.
Her knees converged with the sand. and her freckles
met the ocean.
And they took her back to a fine day. a day when those
waves had again washed her eyes. when yet again, she
had woken up to find.
But she had lost her way in the fields-- between the
thorns and ruthless vines.
The sunrays- devoured her shine. they fell on her face
that flustered that piousness.
Shattered, she had looked at the grey above her. it
wasn't cerulean anymore. It was doomed in its own
sorrow, raining its despair. Now the depths of the
ocean weren't hers to seek help from. They too had
gotten deeper filling up for the world's misery.
Between the crashing waves and the pounding
thunders, she heard a voice. It whispered something to
her. And it echoes in her ears still.
She grabbed a hold of herself, and her face held up
high. She swayed to the chorus she could hear in every
single hunch.
She took a step back. she saw something bigger. A
bigger sky above those clouds that momentarily
blocked her visions ahead. A little nudge toward the
purpose she was worth, and she lurched in its
direction. The most prosaic of moments were now the
game-changers.
The pride in every step she took, and the gusto filled in
her now.
The voices inside of her were the ones that echoed
louder now.

Ms. Mannat Kaushik
CAM 10

HARBINGER OF CHANGE

Be careful you have no clue of the battles I
have fought,
Neither have you any idea of all the ways I
have sought.
To reach here and stand with a head held
high with pride!
Shunning away all the demons which under
my bed hide..
The trauma, the seclusion, the depression,
the fear is all for real,
Deep down I am just another human who
simply accepts that she can feel!
Today, I stand up and talk about mental
health loud and clear!
There's no one in my alibis, kins or foes
that I must fear!
That black hole sucking me up inside is too
much to take,
I can't simply doll up some masks to show a
happiness all fake!
Today I reveal my true face and in no
façade shall I enshroud,
Walking in my vulnerable true self, I will
flaunt that I am proud!
The scars I wear might not be visible to
every other naked eye,
Yet with a bright smile I try to greet all the
passers-by.
I will voice up my long-suppressed voice
and advocate mental health,
Until I am able to impeach the hypocrites'
false promises and disclose their stealth!
With the recent locking up of humans with
their conscience by their side,
Each one of us took an oath in our hearts
forever to abide...!
