WHERE SUNSHINE MEETS THE INGENIOUS

JULY TO SEPTEMBER

Piece De Resistance

MAPS CAMBRIDGE

July

Message from the Editorial Board

The editorial team of Cambridge Wing is elated to bring to you the second edition of the Cambridge Horizon. After diligent efforts and an overwhelming response from the viewers, this quarter we aim to present to you all the amazing events and highlights of our wing in both curricular and co-curricular areas. We have included some brain tickling riddles and specially curated write ups to help you catch up with the latest buzz of the Cambridge Wing! Hope you will like this issue as much as the first one.

September

WORKSHOPS AND CAMPAIGN

TED Workshop

MAPS Mantavya

Technology. Entertainment. Design -- TED is a platform dedicated to researching and sharing knowledge that matters through short talks and presentations with a goal to inform and educate global audiences in an accessible way. In order to develop the confidence and power-packed speaking skills of the students of Cambridge Wing, the students of Cam 9 conducted a workshop on TED Talk 'MAPS Mantavya'. Our young orators imbibed some valuable lessons from this insightful event!

Campaign for a Healthy Lifestyle

Healthcare is supposedly the basic right for all humanity but the right to wield and attain knowledge about health awareness is still a luxury not accessible to all. In the same pursuit, the students of Cambridge 1 to 5 took an initiative to help edify peer pupils about the benefits of eating healthy in order to stay fit. On 11th of July, 2022, they organized a rally to emphasize on the importance of healthcare and how cultivating healthy eating habits can initiate a phenomenal revolution towards the well-being of the ever-growing population.

Each One - Teach One

Embracing the idea of empowerment is an integral part of the ideology of Cambridge Wing at Maharaja Agarsain Public School, Ashok Vihar. Students from Cambridge 9 and Cambridge 10 organized an enriching session to apprise the school support staff of the important emergency numbers. In case of an emergency, awareness about these numbers goes a long way in preventing accidents and disasters; lack of which can worsen the situation manifold.

MAPS EXPO '22

Flashmob

"The secret of change is to focus all of your energy not on fighting the old, but on building the new!"

To spread awareness among the people about protecting the environment and making them cognizant of the Sustainable Development Goals, the students of Cambridge Wing presented a FlashMob in front of the audience during the MAPS Expo. They gave a mesmerizing dance performance on the song "Together We Can Change The World" showing their conviction to bring the essential change in the world in line with the Sustainable Development Goals which was the main theme of the event.

Parents' Day

A school is a place where fun-filled learning takes place. As a part of the Parent's Day celebrations during MAPS Expo, the students of Cambridge Wing prepared the all time popular and cherished childhood games for all the lovely parents including Three Legged Race, Lemon and Spoon Race, Hopscotch, Atlas and many more. It was indeed heart warming to see them relive their childhood

A Tribute to Moms

One of the major highlights of the MAPS Expo celebrations was a small tribute to our Gods: our Mothers with a mesmerizing dance performance by the young dancers of Cambridge Wing. The main motive of the dance was to invoke gratitude and devotion in everyone's hearts towards our Mothers, and acknowledge the significant role they play in our lives, which we tend to overlook at times. It was overwhelming to see the students and their mothers perform together in this heartwarming performance.

Student Enterprise Challenge

"The success of the young entrepreneur will be the key to world's transformation in the new millennium."

Thanks to the Students Enterprise Challenge (SEC) Station set up by our Cambridge students during the MAPS EXPO, the crowd could enjoy the delicious food prepared by student chefs while admiring the innovative projects. The Bhelpuri, drinks and nachos salads were relished by all and were very popular amongst the crowd. Munching on the delicious treats, the parents and students had a smile on their faces!

Exhibition

The annual MAPS Expo held on the 23rd of July was an exemplary success for the students of Cambridge wing. They were able to demonstrate their learning in the diverse streams of education through numerous activities and meticulously crafted projects curated for the viewers to enjoy the beautiful exhibits.

Each subject station was profusely decorated and relevant projects were put up for display showcasing some important principles and topics of specific subjects.

Beyond Academics...

Independence Day

"सरफ़रोशी की तमन्ना अब हमारे दिल में है। देखना है ज़ोर कितना बाजू-ए-कतिल में है।"

Students from Cambridge Wing celebrated 'Azadi Ka Amrit Mahotsav' with high spirits as they rallied around the campus with patriotic songs and a zestful march.

Women Equality Day

There is no limit to what women can accomplish. The world is full of strong, successful and powerful women. The Women Equality Day was celebrated with pride by the Cambridge Wing of MAPS Ashok Vihar. It was a great opportunity for the students of Cambridge 1 to 8 to showcase their portrayals of some great women from around the world and share their accomplishments.

HAM

Half A Minute Activity

The Half-A-Minute activity is surely a creative way to let the pupils think out of the box and compel them to speak less yet impactful words in just a matter of 30 seconds! The students of Cambridge wing enthusiastically took part in HAM and had a great time putting their brain cells to work!

Dazzling stars

"Success is not an activity, it's a process." Following the footsteps of high achievers, Aishwarya Goel and Pranit Arora have achieved the result of their hard work and dedication. We are proud of our dazzling stars of this quarter who have outshined everyone with their consistent efforts and superb performance in both academic and extra curricular domains!!

SPOTLIGHT

Pranit Arora Cambridge 3

Aishwarya Goel Cambridge 9

Awardees - Winning an award is always a special moment!

“Winners are not the people who never fail, they are the ones who never quit.”
Celebrating the success of their dedication, we are proud to present the Cambridge Award winners to you.

Heartiest congratulations to all our achievers !

Cambridge 1:
Rishaank Saini:
Story Telling Interschool Competition, 2nd position.

Cambridge 4:
Anishi Sharma
Cambridge 9 :
Mannat Kaushik
Vande Bharatam Art Competition, Zonal, 2nd position

Arnav Kaushik Cambridge 6 :
English Poem Recitation, Zonal , 1st position

Cambridge 6:
Hirdayanshi Sharma :
Skipping competition, Zonal, 2nd position

Cambridge 1:
Inaya Kochar :
Global poetry competition 3rd position

-Interschool Nukkad Naatak, Third Position
Abheesht Goel (Cambridge 7)
Yashas Gupta (Cambridge 8)
Aarav Gupta , Aryan Aggarwal, Aishwarya Goel,
Ananya Singla, Chanchal Yadav,
Mrighvijay Arora (Cambridge 9)

CAMBRIDGE 8:
Padmakshi Gurditta:
- Rope Skipping Competition, Zonal, 3rd position.
- Anon Dance Competition, Interschool, 1st position.
-Image and Design Competition, Interschool, 3rd position.

Nishchal Rathore:
- Rope Skipping Competition, Zonal, 3rd position.

Cambridge 10:
Shaurya Miglani and Aditya Goel:
Appoholic, Interschool, 2nd position.

CAMBRIDGE 9:
Mannat Kaushik
NCC Declamation Competition , 1st position

Come, take a sneak peek at our Subject Stations!

The Incredibles (Cambridge 1)

"Do it to know it" The learners of Cambridge 1 have a unique way of learning. Being the youngest group, they have their own distinctive skills, making them 'The Incredibles'!

The Amigos (Cambridge 2)
School is the place where we make the best of friends, with whom we grow up, learn and play. Engaged in fun learning and teamwork, the buddies of Cambridge 2 call themselves 'The Amigos'.

Global Perspectives

Today, in this globally connected society, getting to know about the perspectives of people from diverse backgrounds and cultures around us can help learners understand how the human race is evolving and growing together, moving towards a better future and what it offers to all of mankind.

वांग्मय भुवन (Hindi)

जैसे ही छात्र हिंदी स्टेशन में प्रवेश करते हैं, वे हिंदी भाषा सीखने की एक पूरी नई यात्रा का अनुभव करते हैं क्योंकि वहां प्रदर्शित और उपयोग की जाने वाली विभिन्न प्रकार की शिक्षण सामग्री वास्तव में अंतहीन है। यह वास्तव में एक अलग सौंदर्य अपील और रंग योजना है जो सीखने की भाषा को एक दिलचस्प अवसर बनाती है।

Lit Elites (English)

English is a language evolving continuously since the day it first came into existence. It's one of the most widely spoken languages in the whole wide world and is the foundation of almost every important functionality across the globe. It's now a global power and getting to know more about such a language is an honorary practice for the ardent students keen to embrace this global language.

Come, take a sneak peek at our Subject Stations!

Voices in Motion (Social Science)

Social Science is a study of the world around us and how it works. It's crucial for students to apply the knowledge of their surroundings in their day to day lives. History of the past and economics of the present can aid the future researchers in putting their Voices in Motion.

Maths π rates

Mathematics and calculations are fun when they are understood in new and exciting ways and that is exactly what we do at the Math station! Games, activities and projects engage everyone and make the journey of learning Math enjoyable.

Science Porium

Getting hands-on experience is the best way to learn a subject. Science is full of fascinating experiments that make learning crystal clear. Science Porium welcomes all innovative and enthusiastic learners to dive deep into the magical world of Science!

Digi Connect (Computing)

As the name suggests, the young and tech savvy learners of the Cambridge wing experience a new world and learn all about technology at Digi Connect. They explore the online world with the aid of computers and decode the plethora of knowledge stored in their young minds.

KUDOS TO OUR BUDDING ARTISTS!

CREATIVE FLAIR OF OUR BUDDING WRITERS

Safe, Saccharine, steadfast
Blue, blissful, beautiful,
It's so open, it's so vast
Oh, how perfect
Without miscasts

The sun, moon, and the stars
Which seem to be so far
Just open your eyes and see
The SKY shows everything

Worthwhile, willful, wonderful
White clouds in the sky
The rising sun from the Mountains
Peeks up as it flies

The bright moon in the dark nights
The twinkling stars right by
Lighting up the late times
The sky looks just as fine

Oh, how unique just the sky does look
So blue with clouds and stars
How proud on earth, oh, do we feel
Don't get this scene on Mars

Silent, scenic, satisfying
Benevolent, benign, and bright
So open, it's so vast
That's what we all call the sky

MAPS

Title – The Mother Earth

Oh! Mother Earth, you are Special, you are Mine;
You are the reason of our life,
We love you, we care for you;
You are place for Me & You.

Oh! Mother Earth, we feel pride;
As you never let us strive;
You gave us Food; you gave us Water,
And a place for our shelter.

Oh! Mother Earth, I promise I will take care of you;
By growing more and more plants for you;
We love you, we care for;
You are the best place for Me & You.....

Oh! Mother Earth, We all love you.....

Eira

Money makes Life?

"Money will buy you a bed, but not a good night's sleep. A house, but not a home. A companion, but not a friend"

- Diya

Money is a piece of paper through which society judges you . People say that the more cash you have, the more happiness you can buy but we completely disagree with this statement.

Wealth might provide you with a standard of living and comfort but it won't fulfill the purpose of your life . There are many things which are priceless and can be only fulfilled by humanity . Not everything revolves around financial power, there is a more important thing which is health and fitness . Also emotions are something which evolve in our heart .

We are the only species that are paying to live on this planet . Now it has become a competition for wealth and lavishness . Everyone has their mother set to find a job with heavy wages . But in my opinion this is wrong because our purpose in life is to motivate . Influence good behavior to others . For example- pushing yourself to complete your homework instead of wasting time .

Pride, Trust, Dignity, Equality, Loyalty are priceless and don't have a cost, thus they are created. Even if you're a millionaire you can't buy someone's trust depending upon how much money you have. Disrespecting someone and giving money in order to compensate doesn't build back up someone's pride or dignity, if someone asks to choose between 'money and trust' always choose trust because money can be earned back, but trust cannot be.

The one thing we know about the human body is that it doesn't respond well to constant states of anxiety and panic. Sooner or later, these fears would reach a breaking point! And one of the biggest reasons we suffer these traumatic experiences is us worrying about our financial future. It takes a toll on our mental health when we worry that we won't be able to provide our family a happy and safe future. "A happy mind leads to a happy future!" If you have a healthy state of mind, you are automatically taking care of yourself without you knowing.

Cam 10

About how it's run

ABOUT HOW IT'S RUN.

I contemplate the world ahead of me.

About how it's run.

it has more place for the fakers.

but a narrow one for the unhypercritical.

every day is just another form.

a form of all the promises and actions.

the ones that are left tangled in words.

and the ones that subside over time.

omnipotent. the fakers fake.

and the ones who pave their own way.

they are forgotten.

they are considered misbegotten.

why is it that the right suffers?

I question the stars each night.
I contemplate the world ahead of me.

about how it's run.

Student

EXCHANGE PROGRAM

The young hosts of Cambridge Wing at MAPS welcomed the Italian students as a part of the Student Exchange Program with open hearts! A beautiful and warm welcome was extended to them with flowery garlands, vermillion and some special handmade gifts.

Manuele

It's been a while since I'm here in India and I'm writing these words whilst my fourth month of the exchange program is currently going on. On the first day of my arrival, I tasted the flavour of true welcome done by the school and the host family; my first day in the school was astonishing as the students and the teachers toured me around the school, from the canteen to the corners of the library. I have never had the pleasure of such a warm welcome and I'd say I wasn't expecting that. Since then, my adventure in the Cambridge wing has become a long trip where day after day I feel more integrated and passionate towards my classmates and teachers.

They say that "the core of a country can be seen by its own school education and by what is taught in the schools." I personally feel connected to this because every day in the school is a fruitful day to comprehend and watch the society in which I'm living nowadays. Talking about this society, everything that I see outside my little house's window is new to me. People, animals, plants, all human beings (and even objects) sometimes make me want to understand them more and more, as though I was in a completely different world before and I want to absorb all the "newness" that comes my way here.

For this lifetime experience, I would like to thank everyone who talked to me and stayed with me in these months and the months that are going to be!

Greetings!

Direct
dil
se!

Gregorio

When I entered the Maharaja Agarsain Public School, I was immediately greeted by a very pleasant and warm ceremony, and I felt warmly welcomed in the Cambridge wing of the school. A light and sanguine atmosphere was what I received from both the teachers and my classmates. I had never expected the hospitality I've received till date, and it's really comforting, to be honest. I am extremely grateful and elated because I am spending some of the most unforgettable and significant moments of my life in India, right here in this school.

I certainly had to adapt to a very different style of education from the Italian one, starting from the study methodologies, to the teaching practices. This is why I had some difficulties in studying at first, but with constant support from my peers and teachers, I am gradually improving. I am sure that at the end of my fantastic journey here in this diverse nation, I will go back deeply enriched with some unforgettable experiences.

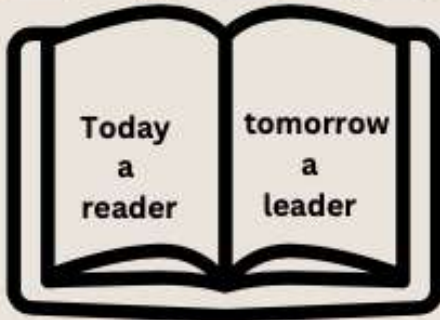

I am very grateful to everyone over here and would like to thank them for making me feel comfortable here and letting me enjoy here too,

I wish I am able to learn most of the things and be here with my friends enjoying diverse and unique country, India.

Greetings!

READERS IN THE LEAD

The avid readers of Cambridge wing are all set to become the leaders of tomorrow as they dive deep into their love for reading, inspiring us all to reach for a book too!

FUN FACT

Did you know?

The fear of running out of something to read is called Abibliophobia.

- Cambridge 1- Iyaan Singla & Jeenal Gupta
- Cambridge 2- Shivam & Harshil
- Cambridge 3- Saanvi & Pranit
- Cambridge 4- Anishi & Shreedhar
- Cambridge 5- Pragya & Aavya
- Cambridge 6- Ayaan & Swaksha
- Cambridge 7- Aksh Anand & Darsh Bansal
- Cambridge 8- Dhairya Goyal & Gaurav Bansal
- Cambridge 9- Aarav Gupta & Mrighvijay Arora
- Cambridge 10- Diya Bansal & Aditya Goel

Reading is not only done for the sake of academics but for our own pleasure and entertainment. It also enhances our memory and cognitive skills. So, I feel that everyone should read whether young or old.

Gaurav Bansal Cambridge 8

I like reading because it is full of fun! It helps improve my vocabulary and grammar. The best part is, it makes me explore new places and characters with every turning page.

Shreedhar Sharma Cambridge 4

Reading is like a warm breeze on a cold winter night. This cozy feeling was familiar but still felt afresh when I read a book from the Victorian era. The sentence structures, the vocabulary and the plot felt so different and surreal. The genre may be similar to what I usually read yet it felt so refreshing to get out of my zone and pick up something complete, new and different.

Diya Bansal Cambridge 10

Reading is amazing! It's my favourite activity because it helps me to learn new things and enhances my knowledge. I love to read colourful books, full of pictures and funny characters!

Iyaan Singla Cambridge 1

I truly love to read because it not only improves my vocabulary but also helps me to utilise my free time judiciously and keeps me engaged. I am currently reading "Legend of Suheldev: King Who Saved India." It is based on the legendary Indian king Suheldev who learnt all about the guerrilla war tactics and defeated the army of Ghazi Saiyyad Salar Maqaud in the Battle of Bahraich. It was nominated for and won the Golden Book Award 2022.

Ayaan Pradhan Cambridge 6

CLASS ASSEMBLIES

It's a Bullying Free Zone

A special assembly on "Say No to Bullying " was also organized in which the students of Cambridge 6 performed a skit on the given theme and spread awareness on the given issue. Students took a pledge to stand against bullying and helping those who are in need.

Cambridge 6

Cambridge 9

Reduce Inequality To Create Opportunity

Based on the principles of SDG 10: Reduced Inequalities, the students of Cambridge 9 presented a well directed assembly with intriguing roleplays, songs and heartfelt conversations to help students understand the importance of standing against bullying. It was a powerful message conveyed beautifully with great efforts.

Cambridge 5

Get More Done in Less Time

To emphasize the pivotal skill of 'Time Management', the students of CAM 5 presented a beautifully directed assembly.

They conveyed this message through a role play and everyone had something to take away from this meaningful session.

Cambridge 10

Phone a Friend

The students of CAM 10 organized a class assembly highlighting the importance of Helpline Numbers.

They showcased their theatrical skills and enacted role plays on 'Women and Child Safety' and 'Prevention of Cyber Crimes'. The assembly turned out to be a successful initiative in spreading awareness about helpline numbers and their utility in daily life of the citizens.

Cambridge 1

United we Stand, Divided we Fall

The students of CAM 1 presented a beautiful portrayal of 'Unity in Diversity' of our nation with their class assembly. It was heart warming to see the zealous and enthusiastic tiny toddlers speaking their hearts out to convey such a strong message.

Teachers' Day

A TEACHER IS SOMEONE WHO NOURISHES THE SOULS OF THE STUDENTS FOR A LIFETIME. HAPPY TEACHERS DAY TO ALL THE TEACHERS!

The MAPS fraternity believes that the brightest minds in the world are teachers - the torch bearers of progressive nations.

The lovely students of Cambridge Wing left no stone unturned to make their dear teachers feel super special on their special day! With an extravagant trophy, aesthetic scrapbooks and lip smacking cakes, they honoured the teachers as a token of love and admiration. It was a rocking show for the true Rockstars!

Pg 1 Mt. Kangchenjunga; Pg 2 Just quit imagining; Pg 3 Your shadow; Pg 4 A Newspaper; Pg 5 Dictionary; Pg 6 Riverbank; #NeuroNation Answers : Pg 7 Gold; Pg 8 Between you & me, something smells; Pg 9 Your breath; Pg 10 An Egg; Pg 11 Short; Pg 12 A candle

Assessment for me is ...

Assessment for me is a way to assess myself and to know my understanding on a topic in a particular term.

Gaurav

Assessment for me...
Assessment is test of my skills and my knowledge. Assessment tell me where I am lacking and my mistakes. Sometimes assessment feel like burden. But it is for our improvement. Assessment is best way for test of your knowledge. *Yash Cam-7*

Assessment for me is a way for me to assess and evaluate myself. It helps me understand my mistakes and also allows me to improve. It is like a challenge to me that helps me reflect upon my mistakes. It helps me to learn better.

Yashas Gupta

Assessment for me is the motivation to get out of my comfort zone and limits.

Rajhar Gupta
