**Event: Geography Capacity Building Program**

**Resource Persons: Mr. Pushpinder Singh (Academic Head of Prudence School, Ashok Vihar) and Dr. Praffulit Bisht (Geography Department, Miranda House, Delhi University)**

*"Geography is the window to the world, offering perspectives that extend beyond the horizon."*

In the captivating landscape of geographical exploration, Ms. Mitali Kharbanda, TGT Social Science, immersed herself in the Geography Capacity Building Program by CBSE held on the 23<sup>rd</sup> and 24<sup>th</sup> of November 2023 at St. Froebel Sr. Sec. School, Paschim Vihar, New Delhi. It was an enriching journey into the diverse facets of geography education. Facilitated by distinguished resource persons, Mr. Pushpinder Singh and Dr. Praffulit Bisht, the sessions explored innovative pedagogies, including the dynamic "Sage on the Stage Methodology" and the interactive "Guide on the Side Methodology." Solutions to challenges encountered by both students and educators were thoughtfully addressed, fostering a collaborative learning environment. The incorporation of hands-on experiences with Geographic Information Systems, particularly QGIS, brought the subject to life. Engaging workshops not only made the learning process vibrant but also equipped participants with valuable tools to enhance the interactive nature of geography classes. The program concluded with participants feeling invigorated and empowered, armed with a newfound zeal to impart geographical knowledge with creativity and dynamism.

**Educators unite for a memorable group snapshot**
