EARTH DAY

Important points to be noted:

- Students will speak 6-7 lines that includes the impactful ways to protect our planet earth everyday (reducing waste, conserving resources, and making eco-friendly choices etc)
- Creating awareness about ways of conserving resources to protect Earth.
- This activity will help enhance their confidence and speaking skills.
- The lines should be age-appropriate.
- Students may use simple props if they wish.
- Encourage your child to practice at home for better fluency and confidence.
