

"Paper folding is creativity in action—where thinking meets making!"

Origami transforms simple paper into intricate forms, reflecting artistic expression and thoughtful design. Each fold reveals innovation, where ideas take shape without words. Origami folding not only improves eye-hand coordination, fine motor skills, and concentration.

FOLDING ARTISTRY **COMPETITION**

is organised for

Class - Pre Primary

Date - 16th July, 2025 Wednesday

POINTS TO BE NOTED:

1. It is compulsory for all the students to participate.
2. Students will create a scene with origami papers using at least 2 paper folding's on A3 size sheet. For creating the scene, they can do necessary drawing and colouring on the sheet.
3. A3 size sheet and glue stick/Fevicol will be provided by the class teacher.
4. Origami sheets will be provided by the class teacher one day prior. Parents can cut the same according to the child's requirement and send the same next day. Folding of origami sheet should not be done by the parents.
5. Students can carry any decorative material, sketch pens etc.
6. All the students will get 1 hour to create the scene.
7. Judgement will be done on the basis of Presentation, Neatness and Creativity

Regards
Class teacher
