*Science sparks curiosity,
Experiments bring ideas to life!*

To nurture curiosity, scientific thinking and the spirit of innovation
among our young learners, we are organizing

WONDER LAB CHALLENGE

a Science Experiment Competition for the students of

MONTESSORI-II

on 7th AUGUST i.e FRIDAY.

Important points to be noted:

1. Each student has to perform a simple and safe science experiment.
2. The child will also speak a few lines (2–4 sentences) to explain the experiment.
3. Parental assistance is encouraged in preparing the child for the same.
4. Experiments should be safe, age-appropriate and must not include fire or any kind of harmful chemicals.
5. All necessary material required for the experiment should be carried by the students themselves.

Evaluation Criteria:

- Choice of experiment
- Confidence & Memorization
- Overall presentation

Regards

Class Teacher
