“Feel the flow, make a change—let your moves ripple through the world!”

This event aims to inspire young dancers to express how every action creates a ripple in our environment, especially our precious water sources. Through movement, rhythm, and expression, participants will portray the harmony of nature, the imbalance caused by pollution, and the hope for renewal through collective effort.

The Ripple Effect – A Dance Competition

Date: 26th November 2025

Classes: MONTESSORI II

Rules and Guidelines

- Parents of the participant should arrange for the track/music for their ward in a pen drive (MP3 format only).
- Participants may use one or more songs/medley to perform.
- Costume and props should reflect the theme of water, nature, or environmental harmony.
- Submit a well-labelled pen drive to the class teacher.
- The audio should be clear and pre-checked.
- No Bollywood or movie songs are allowed.
- The maximum duration of performance should be 2 minutes.
- The decision of the judges will be final and binding.
